COMMUNICATION REPORT

Mr. Farrell discussed flyers going out to residents with their rent statements explaining that the
office is closed due to the Coronavirus and providing them with information about rent payments,
and limiting visitors to the building. He discussed with the Board how staff is working and what we
are doing to keep staff and maintenance safe during this time. Mr. Farrell discussed his idea of
having someone come in to use the Community Room kitchen to prepare food for the residents of
Gross Towers and Towers East. He added he is still working on putting this together. Mr. Bañuelos
asked if a notice went out to employees that they must let the office know if they or anyone in
their family has tested positive for the virus. Mr. Farrell stated we haven’t at this time but will look
into doing this. Mr. Bañuelos asked what the Housing Authority was doing with employees to keep
up with their work so that when this is over they are not behind in rent changes, certifications,
inspections, etc. Mr. Farrell discussed with the Board what the plan is and how it is being
implemented. Mr. Senderowitz asked about the Reid Hotel and where we stand. Mr. Farrell replied he has a phone call this afternoon and stated that there are eleven remaining residents in
the Reid Building that are interested in moving to Episcopal House. He continued, we had a tour
set up, but this has been canceled at this time. The 30 day comment period is ending and there
were no comments from residents, so we can make a formal submission to HUD to transfer the
contract. Mr. Guridy came into the meeting at 10:00am. Mr. Guridy asked about the parcel of
land and billboard issue with the Little Lehigh project. Mr. Farrell and the Board discussed this
issue.

Mr. Lou Day reviewed his Construction Report by telling the Board about the $250,000 Emergency
Safety and Security Program Grant we received and that this money will be used for fire alarm and
carbon monoxide upgrades at our high rises. He discussed the Gross Towers elevator replacement
project and that a pre-bid conference will be held by conference call tomorrow rather than in
person. The Community Room HVAC replacement had a pre-bid conference yesterday and we had
several interested bidders. He added, the Gross Towers landscape enhancement has received bids
and we are going to separate the awning replacement from that project and bid it separately. The Walnut Manor landscape enhancement received one bid and we are looking at doing this large scope project in phases. The Gross Towers heating boiler replacement is now completed and the boilers are working fine. He continued with the Gross Towers fire alarm system replacement and stated the design documents are nearly complete. The multi property fire alarm system project is going to be delayed for the moment he advised. He continued with the Majestic Building storm water system and stated we are ready to put this out to bid next month. He told the Board that we have contracted RestoreCore to come into our high rises and offices to fog and decontaminate those spaces. Mr. Senderowitz asked if the Housing Authority put out a notice asking residents to limit the number of visitors coming into the building. Mr. Farrell replied that we have posted the building advising limiting guests coming into the building, but we don’t have a way to enforce it. We have included this notice with the rent statements being mailed out. We have also removed chairs and tables in the lobby to keep residents out and cooperation has been pretty good among residents.

OLD BUSINESS

There was no old business.

NEW BUSINESS

Resolution 2579 – Award Contract for Gross Towers Landscape Enhancements

A motion was made by Mr. Guridy and seconded by Ms. Barnes to approve the resolution. Mr. Farrell described what the project will include as far as tree replacement, upgrading flower beds and new tables and ash urns in the courtyard area.
